**FOR IMMEDIATE RELEASE
ACTION ALERT**

**ISIS WILL USE TEXAS
To Enter The U.S.**

March 19, 2015 – The [American Resistance Party](#) received the following OPEN LETTER email from Carl Alfred. He writes:

Yep, it's got to be true. I must be trapped in the movie "Groundhog Day" and this is getting a bit ridiculous.

*Back in July, when the border invasion led by Soetoro was getting started a report came in about suspicious activity concerning an **Armory full of military vehicles found to be parked at the Oak Forest Hospital 20 miles SSW of Chicago**. This activity bears mentioning because this mostly deserted, bankrupt, south side hospital was scheduled to receive equipment industrial in nature with little to do with the work performed in a Hospital. A Laundry conveyor assembly found buried in the Cook County CAFR. That was interest item number 1. Number 2 was the boots on the ground verification that unmarked, heavily window tinted busses were being observed coming and going under the cover of darkness. All information was turned over to the Chicago area media at that time.*

*Then, in November, a YouTube video came out to report on **busses, two a day, leaving Mexico city and headed for Chicago**.*

A quick check of grants and awards going to this facility was made and it confirms more money is being pumped into this facility than an idle one would ever need.

Large facility + new industrial equipment + unmarked busses in the dead of night + military involvement + multiple name changes for the facility since July + High level secrecy + it's in Cook County???

Don't know, it could be just me but if one place ever deserved to be given a colonoscopy, this would be it. ISIS or similar staging area, BIO weapon production facility? Who knows. No, really, WHO KNOWS?

*Homeless shelters all across the country have been given large grant blocks of money since the beginning of 2013 but **nowhere does it say that money is to support Mexicans**.*

And why not, let's throw this into the mix as well... With Puff the magic Muslim in the White House there can be no more glaring example of why the founders placed the "Natural Born citizen" clause in

the Constitution and all who continue to defend this Indonesian creation of the CIA should have their heads not just examined but given a cranial rectal inversion. Yes, both parties. And to top it all off the GOP is going out of their way to force feed candidates with eligibility concerns down everyone's throats beginning with McCain in 2008. Never once have I heard anyone using the words "better to err on the side of caution" when whispering names of Presidential hopefuls. No, let's just throw caution to the wind and while we're at it, there's new reports of over a hundred Boko Haram freedom fighters who've contracted Ebola that need medical attention only available in one of two American CDC facilities.

On the positive side, Pennsylvania reportedly witnessed the beauty of the Northern lights bright enough to shine right through a full day of Atmospheric Aerosol spraying near the New York border.

Fictitious Plaintiffs continue to bring charges against Americans in every state and those cases continue to be prosecuted and judged by government employees prohibited by Article I Section 9 Clause 8 (Titles of Nobility clause) from holding those positions but allowed to, none the less, because we have become a Nation of idiots incapable of understanding and interpreting the meaning of two real simple sentences so we ask the people intended to be excluded by this negative law to help us understand why it really doesn't mean what we think and it's totally O.K. for Esquires to be at every level of government.

It is titled, "ISIS INSIDE THE U.S. Tweet Connects ISIS Threat In CHICAGO. Coming FALSE FLAG ATTACK?**" It supports Carl Alfred's post.
