The official Mexican government's guide to 'migrating' into the U.S.—illegally!

While watching the GOP debate on Aug 6, 2015, one particular moment caught my attention. It was when Fox News correspondent and debate host Chris Wallace asked Donald Trump if he had proof that Mexico was sending its people over the border.

My first thoughts were "What planet are you living on Chris? What the hell more proof do you need? Anyone with one good eye can figure that out."

But one of my top team members had already brought something to my attention about a week before the debate that I found quite alarming. And, he not only found out about it, he obtained a pdf version and translated it for me. So, for all of you who need proof beyond what is clearly evident by hard stats and facts, I present to you a published document called Mexico's official...

"Guide For The Mexican Migrant."

After reading it and understanding its true intent, I'm sure you'll agree that a more appropriate name would be...

"The official Mexican government's guide to 'migrating' into the U.S.—illegally!"

I'm sure you'll find it disgusting, as I did, that a country actually invests their resources to teach their people how to flee their country and go leech off of ours. And to our knowledge, Mexico is the only country that publishes such a guide. Thanks, Gary
