PETER SCHIFF: Impending U.S. Dollar Collapse

August 13, 2015 – economiccollapsenews.com posted an article on August 12, 2015 which was written by Andrew Moran. Moran wrote that Peter Schiff, CEO of Euro Pacific Capital and bestselling author of “Crash Proof,” believes the impending collapse of the United States dollar should be getting the attention of investors and news outlets and not the devaluation of the Chinese yuan.

The article states of Schiff that, *“He added that the U.S. economy is in a much worse situation right now than the Chinese. This is something, Schiff says, the Federal Reserve will have to admit. He also averred that the Fed won’t raise interest rates this year (SEE: Federal Reserve rate hike could cost indebted consumers \$9 billion per year) and will have to do another round of quantitative easing.”*

And Moran reported, *“Schiff alluded to the immense trade deficit with China, and how China is producing all things the U.S. consumers and can’t produce. On the other hand, however, the U.S. doesn’t produce anything the Chinese want to consume.”*

This year (2015) will be the final death march of the corrupt U.S. financial system. The entire cesspool will plainly and totally break down. The US will have no friends or allies (thanks to Mr. Soetoro's Marxist madness). This desperate year (2015) will be when the entire planet dumps the U.S. Dollar in order to "end the destruction, fraud, madness, war, and chaos." The Federal Reserve has criminally taken us over the cliff with deadly greed. There is no hope of repair from the damage the Fed has done.
