**FOR IMMEDIATE RELEASE
ACTION ALERT**

INTERNET GOVERNANCE By Unknown/Unelected Global "holders"

February 11, 2015 – Mr. Orrin Hatch (for himself, Mr. Blunt, Mr. Warner, Mr. Coons, and Mr. Inhofe) submitted the following Senate resolution on 02/05/2015: S.Res.71 - **A resolution designating the week of February 8 through February 14, 2015, as "Internet Governance Awareness Week."**

Part of the "resolution" states, "Whereas on March 14, 2014, the **National Telecommunications and Information Administration** (referred to in this preamble as the "NTIA") announced its intent to transition these key Internet domain name functions to the **global multistakeholder** community; Whereas the transition process demonstrates that the United States supports and is committed to the multistakeholder model of **Internet governance**;..."

[end quote]

The **American Resistance Party** is displeased that the Marxist GOP Senators would willingly give up the American people's control over their beloved internet to "global multi-stakeholders." These global governors are not clearly identified, nor has there been proper public discussion regarding this matter.

The National Telecommunications and Information Administration is directly under the control of the white house illegal alien (BHO) as an executive branch lapdog.
