2ND AMENDMENT Purged by Soetoro (aka BHO) Courts

February 17, 2015 – Fox News reported today that the criminal government of California is about to reject the 2nd Amendment of the U.S. Constitution.

California's gun laws are among the nation's strictest, but a looming decision in a federal lawsuit could effectively ban handguns altogether in the Golden State, according to plaintiffs who want a judge to toss out a state law requiring all new handguns to be equipped with technology that "stamps" each shell casing with a traceable mark.

The problem with the "microstamping" law, which was signed into law by then-Gov. Arnold Schwarzenegger in 2007 but only took effect in 2013, is that it relies on an unworkable technology, according to gun manufacturers and attorneys for the Second Amendment Foundation and Calguns Foundation. If guns without the technology can't be sold in California, and gun manufacturers can't implement the technology, the law is, for practical purposes, a handgun ban that violates the Second Amendment, goes the argument.

The American Resistance Party rejects the criminal and unconstitutional acts of the Federal Courts under the jurisdiction of the poisoned tree of the Supreme Court. The Federal Court system has allowed an illegal alien to be installed as the bogus POTUS and refuse to allow any U.S. citizen to have standing against this illegal alien. Therefore the Federal Courts and the State of California have no constitutional authority to exist.
