**WASHINGTON EXAMINER:
Over 200 'sanctuary cities'**

July 10, 2015 – [washingtonexaminer.com](http://www.washingtonexaminer.com) posted July 9, 2015 an article titled, "Map: Over 200 'sanctuary cities' in 32 states and D.C." They state:

There are over 200 "sanctuary cities" in 32 states that give safe harbor to illegal immigrants, even violent ones with felony records like the man accused of killing a San Francisco woman last week, according to a new analysis.

The **Center for Immigration Studies** on Wednesday posted a map of the cities. On their website, they reported:

"More than 200 cities, counties and states across the United States are considered sanctuary cities. These state and local jurisdictions have policies, laws, executive orders, or regulations allowing them to avoid cooperating with federal immigration law enforcement authorities. These 'cities' ignore federal law authorizing U.S. Immigration and Customs Enforcement (ICE) to administratively deport illegal aliens without seeking criminal warrants or convictions from federal, state, or local courts."

The **American Resistance Party** quotes a July 15, 2002 [frontpagemag.com](http://www.frontpagemag.com) article which states the reason Marxist America is **pro-open borders**:

"... Increase immigration, especially that of undocumented, illegal workers. The **Communist Party, USA**, in its publication, **Political Affairs: Theoretical Journal of the Communist Party USA**, understands well the cause-effect relationship of this: "undocumented workers in any work... have the effect of depressing wages and lowering the quality of working conditions." In other words, CPUSA and its fellow travelers suggest that, in order to "save" workers, the working class must first be destroyed through declining wages and living standards!"
