YOKO ONO: 70s Lesbian Affair with Hillary

May 09, 2015 – **Yoko Ono: "I Had an Affair with Hillary Clinton in the '70s."** "Los Angeles | Yoko Ono shocked reporters yesterday when she responded to a question concerning the presidential run of Hillary Clinton and the possibility that she could become the first woman President..." worldnewsdailyreport.com reported:

"Yoko Ono when asked about her thoughts about Hillary's run for the presidency completely took reporters by surprise.

"We met many times during the New York Vietnam War protests in the 1970s, and became very intimate. We shared many of the same values about sexual equality, fighting against the authoritarian, patriarchal, male-dominated society we were raised in" she explained.

"We had a brief romantic fling when I lived with John in Manhattan and Hillary was studying at Yale, but eventually we lost touch. I am amazed how things are going well for her and wish her the best for her campaign" she told reporters during the press conference.

*Experts believe the statement could affect the presidential candidates bid for the presidency but previous allegations of **Hillary Clinton's lesbian past** have not seemed to play against the front runner for the 2016 Democratic presidential race yet."*

The **American Resistance Party** has taken on a **'We will not obey'** stance if Supreme Court legalizes sodomite marriage (in June 2015). **We likewise reject having a lesbian (aka Hillary Clinton) as the first POTUS or in ANY PUBLIC OFFICE.**
