AMERICAN RESISTANCE PARTY SAYS: "Iran-Nuke-Deal Is Treason"

September 16, 2015 – Grassfire sent an urgent message to the offices of TRAITORS Senate Majority Leader Mitch McConnell and House Speaker John Boehner this week. It read, in part:

Recently, we surveyed our team members again and found that grassroots patriots STILL overwhelmingly disapprove of President Obama's (Soetoro) nuclear deal with Iran. Here are the results as of 11:30 a.m. today:

*I vote "No" on the Iran Nuke Deal: 59,802 (81.6%)
I vote "Yes" on the Iran Nuke Deal: 13,501 (18.4%)*

While our poll is not scientific, Grassfire's findings closely mirror those of the Pew Research Center. Their recent poll indicates only 21 percent of Americans support the agreement. It's not surprising since our "Commander-in-Chief's" (Illegal-alien-in-chief) ridiculous deal gives Iran billions and a clear path to a nuclear arsenal, without demanding the return of four American hostages, recognizing Israel's right to exist or preventing Iran from further financing global terror.

About six hours later, the Senate held a second cloture vote hoping to bring the Obama-Iran nuclear deal to the floor for a full vote, per the terms of S. 615: The Iran Nuclear Agreement Review Act of 2015. Sponsored by Senate Foreign Relations Committee chairman Bob Corker (R-TN), S. 615 is also known as the "Corker Catastrophe" because, when they signed it, Senators Republicans (and Democrats) surrendered their constitutional authority to ratify this deal as a treaty by a required 67-vote majority.

But like the first attempt, the second cloture vote failed. This time by a 56-42 margin.

Shortly after last night's vote, Sen. McConnell announced that he was filing an amendment to prohibit lifting economic sanctions against Iran until the terrorist nation releases its four American hostages and formally recognizes Israel's right to exist. That amendment (#2656) sets up another Iran showdown on Thursday.

But the ugly fact is that Democrats STILL control the final outcome due to the "Corker Catastrophe." That's why it's vitally important for you to let those Senators know where you stand before tomorrow!"

On September 9, 2015 there was a big event in Washington, D.C. It was a rally sponsored by the Tea Party Patriots against the Iran nuclear deal. It featured Glenn Beck, Mark Levin, Trump & Michele Bachmann who spoke against the Iran Nuclear Deal. See video below:

However, prior to this, Maj. Gen. Paul E. Vallely reported that intelligence reports indicate that Tehran has "gotten the support from Russia, from North Korea and from China" in building its first atomic weapon.

"It's a cabal that's been set up to support the Iranian nuclear program. They have the launch systems. They have the guidance-control system. They have the detonation system. They have the warhead. And guess what? Russia and North Korea's tested everything for them," he said.

"All they have to do is put it together like a tinker toy — and that's why they have the nuclear capability now," Vallely said.

He said Iran only agreed on the nuclear deal to be able to get back its \$150 billion worth of assets that were frozen as part of the Western sanctions slapped on it for its sponsorship of terrorism and plans to acquire weapons of mass destruction.
