**FOR IMMEDIATE RELEASE
ACTION ALERT**

WALL STREET... \$1 Trillion Has Vanished

January 13, 2016 – money.cnn.com posted an article titled, “Wall Street's disastrous start to 2016 has caused roughly \$1 trillion to vanish from the stock market.” They report:

“The eye-popping losses highlight the deep fears that has gripped financial markets over China's economic slowdown and crashing oil prices.

That one-two punch caused the Dow and S&P 500 to suffer their worst start to a trading year on record last week.

The S&P 500's market valuation has plunged by \$1.04 trillion since the end of 2015, according to S&P Dow Jones Indices.

To put that stunning figure in context, it's like wiping out the combined value of the following tech giants: Google (GOOGL, Tech30) (\$508 billion), Facebook (FB, Tech30) (\$281 billion), Intel (INTC, Tech30) (\$154 billion), Netflix (NFLX, Tech30) (\$50 billion) and Yahoo (YHOO, Tech30) (\$29 billion).

The Dow's market cap has plunged by \$310 billion through Monday's close, according to S&P Dow Jones Indices. That's equivalent to ExxonMobil (XOM) (\$309.5 billion) being erased from the index. “

The [American Resistance Party](http://www.americanresistanceparty.com) estimates that the debt of all G-20 Nations is over 56 Trillion Dollars. Worldwide business debt is at least 60 Trillion Dollars. The “Ponzi Scheme” continues on a daily schedule. Isn't it wonderful we have the international banksters (aka Federal Reserve) watching out for us?
