LISA HAVEN: 2016 Economic Crash?

January 20, 2016 – [Lisa Haven](#) posted an article titled: "These Three Men Predicted a 2016 Economic Crash Years Ago—Is It Now Coming To Pass?" She states:

"The world's leading investors have been warning that we are on our way to one of the largest market crashes in history. The sad truth is, most people are in absolute denial over the actual state of the economy.

*"As long as you don't look too closely at our nation, things seem under control — the United States looks whole ... **but when you go around to the 'dark back side' of the nation, you see the shocking truth. There you see a nation whose core fundamentals have been hollowed out.**"*

*Those are the staggering words of Thom Hartmann in his book, "**The Crash of 2016: The Plot to Destroy America — And What We Can Do to Stop It.**"*

Thom Hartmann predicted that sometime in 2016 America would be faced with an economic crash. As we enter into this new year and our stocks are tumbling out of control it seems like Mr. Hartmann, just might be right!

But he's not the only one who warned of a 2016 crash. Jeremy Grantham, founder of GMO and widely remembered for warning about the 2000 market crash and the 2008 financial crisis, warned us last year that we could be looking at a crash in 2016. A crisis that will likely be worse than the Great Depression."
