COMMENT OF ONE OF THE VIEWERS:

"This is why there WILL be civil war, because this lays bare the lie that is, the US government. We have no real representation, both parties are part of the fix. It is my hope that this will wake the silent masses from their daydreaming and force them to deal with the reality. While I'm not fan of Trump, Clinton is just another kleptocrat, along with Obama, Bush, and the vast majority of members of both congress and the federal courts."
