ACTION ALERT**

BOGUS POTUS SOETORO Giving Away The Internet

Sept 10, 2016 – **Statement of EDWARD C NOONAN, 2016 Presidential Candidate:**

Mr. Barry Soetoro (aka BHO, aka illegal alien POTUS) has promised to surrender the "United States owned internet" to communist organizations within the U.N.

Soetoro is a Marxist himself and has gladly agreed to allow the Communist underlings of his boss, Mr. George Soros to control the entire internet. The [American Resistance Party](#) has nicknamed Mr. Soros as "Mr. Bilderberg". Soros now co-controls the U.N. and most financial markets of the world (alongside the Rothschild/Rockefeller cabals) under the banner of the Bilderberg Foundation.

Soetoro has vowed to turn over the internet to Soros and the U.N. by October 1, 2016. The internet will be forever censored and controlled from that time on.

When the Obama administration announced its plan to give up U.S. protection of the internet, it promised the United Nations would never take control. But because of the administration's naiveté or arrogance, U.N. control is the likely result if the U.S. gives up internet stewardship as planned at midnight on Sept. 30.

On Friday Americans for Limited Government received a response to its Freedom of Information Act request for "all records relating to legal and policy analysis . . . concerning antitrust issues for the Internet Corporation for Assigned Names and N

SUMMARY

Name of effected organization - ICANN (Internet Corporation for Assigned Names and Numbers) (INCORPORATED SEPTEMBER 30, 1998). It was registered as a non-profit **public-benefit** corporation organized under the laws of California. **It was originally a project of the US Department of Defense** created as a method of communication during emergency situations.

Prior to ICANN several Domains were grandfathered in which included NON-COMMERCIAL (.org), network entities (.net), education institutions (.edu), international organizations (.int), US Federal Gov (.gov), and finally, military (.mil).

The bylaws of the ICANN was to "ensure the stable and secure operation of the Internet's unique identifier systems" **and to be under contract with the UNITED STATES DEPARTMENT OF COMMERCE.**

This is where Soetoro thinks he is in charge of the internet and controls everything about it. 1) As the bogus POTUS he is in charge of the Department of Commerce since it is a cabinet level bureau. 2) And as bogus commander in chief he controls the Department of Defense too.

However, the bogus POTUS fails to understand that it is CONGRESS that has constitutional authority over FEDERAL COMMERCE. Just because there is an unconstitutional cabinet post called Secretary of Commerce, this does not allow him to overrule congress:

United States Constitution

Art I - Sec 8 - clause 3

To regulate Commerce with foreign Nations

Art 1 - Sec 10 - Clause 6

"To regulate Commerce with foreign Nations... of one State over those of another..."

But regardless of whether the Department of Commerce or the U.S. Congress has jurisdiction over the Federal Commerce (it is CONGRESS who has more authority than the bogus POTUS), it is still THE PEOPLE who have complete control over Mr. Soetoro AND over Congress (and the Supreme Court). They are merely our servants and we are their Sovereign Masters. WE ARE SUPREME OVER ALL AND NOT THEY!

Preamble

We the People of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America.

The [American Resistance Party](#) demands the arrest and incarceration of Soetoro!
