NATIONAL LIBERTY ALLIANCE: Martial Law Coming Soon

Sept 27, 2016 – Statement of EDWARD C NOONAN, 2016 Presidential Candidate:

The [American Resistance Party](#) received the following email from John Darash of the National Liberty Alliance.

MARTIAL LAW WILL BE INITIATED SOON

To take down America, martial law is a necessity not an option! There is coming soon a monetary collapse that will provide for an announced need for increased security that will bring in martial law unless We the People stop it, and yes we can still stop it!

TWO FACTS:

May 28th 2016 was the day the fed was to satisfy the debt on the dollar; the fed defaulted. September 27th or 30th 2016 the nations of the world, due to the fed default, will no longer accept the U.S. dollar. This will cause hyperinflation, which will end in the complete and utter "DESTRUCTION" of the American monetary system.

This will cause civil unrest across America, martial law will be imposed, and America will be lost forever and become the trophy of the New World Order and the final linchpin closing the worldwide iron fist will have been accomplished.

Martial law is an absolute requirement in order to take control of a People with a Bill of Rights such as ours. The People no longer have a Bill of Rights but the People are unaware until they are in a court room.

Therefore in order to let the People know that they have no rights they need to have a reason for martial law that the People will accept first after which the People will come to realize that martial law will never be lifted, the iron fist will be closed and the People will be helpless to do anything just like any other totalitarian state.

Without first executing martial law the People will nullify any open move by our servants to shut down the Bill of Rights by our servant government.

Martial law is at our door and the People must take a stand now in the "ONLY PEACEFUL SOLUTION" to prevent it and turn the tide at the same time.

Listen to what a few of our servants have said:

“The ‘affirmative task’ before us is to “create a New World Order.” - Vice President Joe Biden, speech Import Export Bank, April 5, 2013

*“The drive of the Rockefellers and their allies is to create a one-world government combining supercapitalism and Communism under the same tent, all under their control. Do I mean a conspiracy? Yes, I do. I am convinced there is such a plot, international in scope, generations old in planning, incredibly evil in intent.”
Congressman - Larry P. MacDonald, killed in Korean Air Lines 007, 1983*

“I think that his [Obama’s] task will be to develop an overall strategy for America in this period, when really a New World Order can be created.”

Henry Kissinger, Secretary of State, served as Assistant to the President NSA.

“We have before us the opportunity to forge, for ourselves and for future generations, a New World Order. A world where the rule of law, not the law of the jungle, rules all nations. When we are successful—and we will be—we have a real chance at this New World Order. An order in which a credible United Nations can use its peacekeeping forces to fulfill the promise and vision of its founders.” - George H.W. Bush, March 21, 1991

“Today the path of total dictatorship in the United States can be laid by strictly legal means, unseen and unheard by the Congress, the President, or the people. Outwardly we have a Constitutional government. We have operating within our government and political system, another body representing another form of government – a bureaucratic elite.” - Senator William Jenner, 1954

“By the end of this decade we will live under the first One World Government that has ever existed in the society of nations... a government with absolute authority to decide the basic issues of survival. One world government is inevitable.” - Pope John Paul II

“Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they had better not speak above their breath when they speak in condemnation of it.” - Woodrow Wilson

“If you are awaiting a finding of ‘clear and present danger’, then I can only say that the danger has never been more clear; and, its presence has never been more imminent. It requires a change in outlook, a change in tactics, a change in mission; by the government, by the people, by every businessman or labor leader and by every newspaper. For we are opposed around the world by a monolithic and ruthless conspiracy that relies primarily on covert means for expanding its sphere of influence; on infiltration instead of invasion; on subversion instead of elections; on intimidation instead of free choice; on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly-knit, highly-efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations. Its preparations are concealed, not published; its mistakes are buried, not headlined; its dissenters are silenced, not praised. No expenditure is questioned; no rumor is printed; no secret is revealed. It conducts the Cold War in short, with a war-time discipline no democracy would ever hope or wish to match... there is very grave danger that an announced need for increased security will be seized upon by those anxious to expand its meaning to the very limits of official censorship and concealment.” - President JFK, 1961
