More damaged is promised on the Democrat Party by Anonymous:

All 33k deleted Emails are going to be released by November 1st, probably in 4 - 5 sets, these emails are going to be the complete undoing of the Democratic Party. We are purposely holding them back so they cannot have time to replace Hillary.

Also we are not Russian, despite what CNN tells you, we already have inside info that Obama is literally going to start a war with Russia to cover up the crimes that are in the emails, we are talking Obama and Hillary being held for Treason and ending up with the same Terrorist they have influenced - by this time next year.

Don't give up the fight, Julian and his staff 100% know Hillary is not going to be President, Hillary knows once the emails get released she's done, and that is why she is crying Russia and Obama is willing to start a war to hide their crimes, or at least draw attention away from their crimes.

The emails coming through the next two weeks, and there are 6 videos being released, one that documents Hillary slandering and being racist against a Female African American, the amount of hatred seen on her face for their community will be worse than 100 TrumpTapes.

Also there is documents and videos coming this week, that will destitute any faith left in the Democratic Party, specifically with HRC's campaign. We have them committing felonies on camera, the kind that make the voter fraud that we have released, look like a JWalking ticket (bribes and threats) to control the Media and Election officials.

The information will be released we rely on everyone to help spread the truth.

The [American Resistance Party](#) concurs that many of the current wikileaks emails are damaging to the Democrat Party...but the news media are prime conspirators!
