**FOR IMMEDIATE RELEASE
ACTION ALERT**

ONE POSSIBLE THEORY: "Huma & The Muslim Brotherhood"

Oct 31, 2016 – Statement of EDWARD C NOONAN, 2016 Presidential Candidate:

From: Gary Wilmott

One possible theory (hey it's as good as any!):

*Weiner may have proof his wife, **Huma, is sending top secret information that she got from Hillary to her Muslim brotherhood family in Saudi Arabia...***

which likely cost Americans their lives since the Saudi's are funding Islamic terrorists.

The FBI has seen evidence that is beyond shall we say "earth-shattering" and which poses an obvious threat to national security. Comey can't look the other way. THE FBI is on to it. This is huge and has to come out. Comey is now between a rock and a hard place...therefore he bypasses Obama (that's a big gamble) and begins the public process to right a wrong (his failure to indict an obviously guilty Hillary) by announcing this "new" investigation on Friday. I have no doubt Obama is climbing the walls because we all know he controls the decisions on the FBI investigation of Hillary and related decisions at the DOJ. As such the evidence that should come out shortly will mean that Comey will have to prosecute Huma. Huma of course will want a deal to save herself and will likely implicate Hillary. Hillary will threaten to implicate Obama behind the scenes to protect herself. What does Obama do? How do the sycophants protect our bogus POTUS? A crisis of immense proportions will be developing at a time when the transfer of power is supposed to be taking place.

Comey will have to also prosecute Anthony (Carlos Danger) Weiner for sexting minors and Weiner in turn could threaten to spill the beans on Comey's shoddy investigation. More headaches for Comey.

This perfect storm could actually cause the fall of the Obama administration BEFORE the term is up. How rich is that? How much information comes out BEFORE Nov. 8 is critical to deciding who will win the election and how and when the hammer drops and who it actually drops on. If Trump wins...all hell will break loose. The rats will be jumping ship.

POSSIBLE RESULTS: I see definitely see prison for Huma for aiding & abetting the enemy or at least for national security related crimes and of course prison for Carlos Danger for sexting minors, etc. I also see an indictment of Clinton looming but a likely scramble by Obama to pardon her in order to save HIS ass. The public outcry however will be deafening. Obama may also have to pardon some others along the way like Huma and Mills. Where it goes from there depends on who wins the election on Nov. 8. Regardless it's not going to be pretty. IMO something big is going to blow next week. I almost wish I wasn't going to be out of the country. I also wouldn't be surprised if some player or players in this entire mess leaves the country (Valerie Jarrett??). I also expect this FBI investigation to branch out big time and ensnare Bill Clinton and some of the other members of the Clinton crime syndicate. Overall it's going to be constitutional crisis that will paralyze the country for months.

Any other ideas?

It is absolutely clear that the big news today (that answers your above question) was that the reason why the FBI Director reopened the Clinton email case is because of the new tsunami of stolen emails that were found on Weiner's laptop!

We learned today that 650,000 stolen emails have been found on Clinton's head assistant's (Huma Abedin) pervert ex-husband's laptop. So far America has heard

about the former 33,000+ stolen emails, but this is 20 times that amount.

This means that Hillary has hidden these additional 630,000 emails via her assistant. Originally townhall.com claimed that the final score of classified emails was that Hillary's unsecured server held **2,079 classified emails ...**

That was in the 33,000 emails that were finally turned over to the FBI so far... But now it is probably **20 times that amount or 40,000 classified emails that have not been properly secured. This should bring a death sentence to EVERYONE INVOLVED!**

It is very likely all 650,000 stolen emails have found their way to the Muslim Brotherhood!
