“We have 2 million Iranians there (in the USA) be certain that I will raise a guerilla army from amongst them against you, you know this well.

Look how vulnerable you were on 9/11 when 4 Arabs from Saudi who don't know how to fight managed to endanger your foundations. Yet with us, you face a nation even stronger. Don't forget, we have 7,000 PhD holders in the U.S. If only 11 people created 9/11, do you realize what we can do?

We don't need nuclear weapons, you have 6000 nuclear warheads those warheads are our target for our guerillas to destroy. Not even an Iranian guerilla movement but we have people from ALL Islamic countries...

We will guide anyone who has problems with the U.S. We have identified the U.S.'s Achilles heel...”

(2012 Report): Iran Has Sleeper Cells in U.S. Ready to Attack:

...Guards successfully use mosques, Islamic cultural centers, Islamic student associations, alliances with other Islamic groups such as the Muslim Brotherhood, and Muslims from Afghani and Pakistani groups to infiltrate the West and infect its society.

The Iranian Quds Forces along with Hezbollah cells have a large presence in Latin America, especially in Venezuela, and through collaboration with drug cartels, they get into Mexico and from there into the United States.

The [American Resistance Party](http://AmericanResistanceParty.com) urges all to arm and prepare. Stand ready to RESIST.
