**FOR IMMEDIATE RELEASE
ACTION ALERT**

DRAINING THE SWAMP Is Causing a Daily-Giant-Stink!

3/21/17 – EDWARD C NOONAN, Former 2012 & 2016 Presidential Candidate alert:

The [American Resistance Party](#) received the following email from Mairi today. We have reposted this message in its entirety. It begins with the subject of “draining the swamp...” If there is any “swamp draining” being done, maybe that is why there is such a big stink after each news reporting day?

From: Mairi

Up to my eyeballs in dealing with some of the most degenerate '[swamp scum](#)' in America today, I have been too long absent from commenting on the state of affairs since Trumps' inauguration.

I can agree with individual 'boycotts' when faced with differing political positions. When AARP so staunchly defended Obamacare, many of us joined a newer (and IMHO) and much [better version](#). AARP continues to send their 'newspaper' (more like propaganda if you ask me), requests that I rejoin, take advantage of the 'medical insurance' supplements that were secured as 'assets' for their support of ACA and reap lots of financial benefits for AARP, and just to generally 'show support' for their (again, MHO) 'sell out' of American seniors.

There were tons of companies that ended up on the wrong side of Patriots' disdain for Barack, but we didn't shut down highways, destroy businesses (I'm talking about physically. I DO hope we destroyed some businesses by boycott! ;-), riot against or snipe police officers performing their daily tasks. Nope, not the 'grownups' in politics.

We wrote letters, attended townhalls (respectfully in most cases), and addressed our redress of grievances as mature dissenters, even and including public gatherings that

required little to no 'clean up' afterward, unlike our sniveling, brain dead counterparts. It didn't get us far, **Barack completed two full terms as an UN-American usurper**, but I rest assured that someday his name will be removed from history, because Patriots, no matter how long or arduous the task, don't cry, whine, and cause massive civil unrest, we work with the resources available to us. A daunting, but fully American way to accomplish things.

Not so the 'snowflakes' who have snow-stormed and 'bizzarded' their way onto the public stage since Trump's inauguration. Unwilling to accept the outcome of an ugly election cycle, they have persisted in even individual attacks, often in brutal, physical confrontation with Trump supporters. While I respect their right to disagree with the outcome, I abhor their method of attempting to alter it.

The lawlessness exhibited by those who cannot accept that Americans, even many of their own ilk, could not, and would not vote for just 'any' woman to be America's first female POTUS, have had their 'spoiled rotten' way for so long, they cannot shake the whole idea they are more 'entitled' to their demands, than those who voted over those demands.

I truly believe that 'liberalism' is a disease of the brain. I am sick and tired of the double standards heaped upon conservatives from those so afflicted. No matter how many laws Barack violated, Logan Act, [rule by EO](#), accepting 'titles' and distinctions while in office from foreign mediaries, punishment of those who disagreed with him (let's not forget the targeting of conservative groups seeking 501C(3) status, while many liberal groups were 'fast tracked') by monstrosly using Federal agencies (IRS) to be 'political henchmen'; DoJ was never more abused than during it's term under [Eric Holder](#), liberals couldn't have been more secure in their belief that the object of their hatred, 'capitalism', was on it's way to complete annihilation.

It's a sad commentary that there seem to be so many these days infected with liberalism. I keep hoping that their belief in murdering the unborn will cull the herd, but instead, our liberal arts colleges and universities just keep filling more young minds full of mush....with more mush! (thanks RL!)

I'm not tickled pink with all of Trump's choices, but it is soooooooooo AMAZINGLY refreshing to see someone, so unconcerned with political correctness, at least try to get things in America back on track. It's taken a LOOOOONG time to get us to this point, and I am not expecting things to make a 180° immediately, but Trump is still infuriating ALL the right people, and that, IMHO, can only be good!

GOD Bless
