 Edward C Noonan More lying hogwash! The Sac Bee article claims this hissing-snake was born on Dec. 10, 1966, at California Hospital on South Hope Street in Los Angeles.

He claims to have a birth certificate backing all of this up.

However, these are all made-up lies that cannot be verified or are on legitimate California records. His bogus birth certificate is as phony as Obama's was/is.

Please note, that in this latest Sac Bee bio that it states, "...De León's mother, now deceased, was among the undocumented members of his family." So if his mommy was undocumented, and his daddy was undocumented... when did De León become a US citizen? Even if we stipulated that he was a "birthright baby" (illegal alien born with so-called 14th amendment birth citizenship) (which is NOT constitutional!) he still cannot PROVE he was born in the USA!

 Edward C Noonan NOTE: De León's mommy lived in the USA for 50 years (supposed age of her son) and SHE NEVER BECAME A U.S. citizen! Could this be the reason that her son is pushing the Sanctuary State legislation so hard? He and his mentor, Lying Moonbeam Brown both were part of the team that protected Mr. Soetoro (aka BHO) with his little scam to be the first **INDONESIAN CITIZEN** to become USA POTUS! TWICE!

Governor Moonbeam Brown and the illegal alien [CA State Senator](#) has recently passed legislation making California a Sanctuary State. A new Sacramento Bee bio of the Kevin de León was printed last year. It was filled with lies and hogwash! [View here.](#)

The California Birth Index (via ancestry.com) shows no Kevin León being born in 1966.
