**FOR IMMEDIATE RELEASE
ACTION ALERT**

2012 OBAMA WHITE HOUSE Was Tracking Hillary's Email

05/11/19 – **EDWARD C NOONAN, Former 2012 & 2016 Presidential Candidate alert:**

BREAKING: Judicial Watch announced today that it obtained 44 pages of records from the State Department through court-ordered discovery revealing that the **Obama White House was tracking a December 2012 Freedom of Information Act (FOIA) request seeking records concerning then-Secretary of State Hillary Clinton's use of an unsecure, non-government email system.** Months after the Obama White House involvement, the State Department responded to the requestor, Citizens for Responsibility and Ethics in Washington (CREW), falsely stating that no such records existed.

Judicial Watch's discovery is centered upon whether Clinton intentionally attempted to evade the Freedom of Information Act (FOIA) by using a non-government email system and whether the State Department acted in bad faith in processing Judicial Watch's FOIA request for communications from Clinton's office. U.S. District Court Judge Royce Lamberth ordered Obama administration senior State Department officials, lawyers, and Clinton aides, as well as E.W. Priestap, to be deposed or answer written questions under oath. The court ruled that the Clinton email system was "one of the gravest modern offenses to government transparency."

"These documents suggest the Obama White House knew about the Clinton email lies being told to the public at least as early as December 2012," said

Judicial Watch President @tomfitton . "A federal court

granted Judicial Watch discovery into the Clinton emails because the court wanted answers about a government cover-up of the Clinton emails. And now we have answers because it looks like the Obama White House orchestrated the Clinton email cover-up." [#clintonemails](#) [#hillaryclinton](#)
